- Project Management

EXPERIENCE

General Assembly - Web Development Immersive - New York, NY Oct. 2016 - Present
Building 3 original web apps in a 3 month, full stack code boot-camp.

Project 1: #SorryNotSorry
Based on the board game Sorry, #SorryNotSorry is a tongue-in-cheek web based board game where players move their pieces around the board with the goal to reach the finish first.
Tech: HTML, CSS, Javascript and JQuery.

Project 2: Etsy.List
A full stack web app allowing users to search Etsy for items by hitting the Etsy API, add them to their wishlist and edit their wishlist. User authentication is also featured on this app.
Tech: Node.js/Express.js, Javascript/JQuery, AJAX, NPM, HTML, CSS, Materialize.css, Heroku

Project 3: PHPCodeHero
Playful super hero themed web application using tutorials to teach PHP to beginner level coders. This app features user authentication and Action Mailer to welcome new users.
Tech: Ruby/Rails, Javascript, API, HTML, SCSS, Heroku, SQLite

ADstruc - Account Manager - New York, NY Feb 2016 - Oct 2016
- Proactively surveying platform communication to solve problems before they arise while also offering user assistance
- Managing client feedback and expectations to provide excellent client service, maintain product integrity and nurture relationship growth
- Gathering user feedback to communicate and escalate tickets with the engineering team, tracking progress to update clients as implemented

BREAKFAST NYC - Operations Manager - Brooklyn, NY March 2014 - Feb 2016
- Post-sales account management covering over 250 domestic & international events annually
- Managing over 12 full and part time contractors in NY, LA and TX including hiring, training, on boarding and payroll processing
- Draft, send and manage contracts & invoices resulting in over $2m in revenue for 2015

EDUCATION

Rochester Institute of Technology Rochester, NY
BFA in Visual Media, Graduated 2010
